As Compras Públicas como Dinamizador da Economia Circular

**Projeto *Smart Circular Procurement*
*CircPro***

Évora, 09 setembro 2019

2. Conceito de Compras Públicas Circulares

Compras Circulares

- Quando os princípios e critérios da Economia Circular (EC) são incorporados na aquisição de produtos/serviços, e os produtos são posteriormente processados após o uso (através de componentes e materiais reparáveis, reutilizáveis, modificáveis, separáveis), chamamos Compras Circulares.
- As Compras Circulares também estão presentes nos diferentes tipos de abordagens de aquisições baseadas em tecnologia, de que são exemplos o aluguer, o arrendamento e a partilha de produtos/serviços através da utilização de tecnologia, em vez de comprá-los

Compras Públicas Circulares

- A Contratação Pública Circular (CPC) significa que as organizações, ao definirem critérios para compra de produtos e serviços, também considerarão o impacto sobre o meio ambiente e os impactos sociais;
- O processo de seleção deverá fornecer condições e critérios que estimulem a economia de energia e materiais, disseminar soluções e potenciar a criação de novos mercados;
- Através da implementação desses critérios em processos e procedimentos, contribui-se para a promoção de uma transição para a Economia Circular, ao nível nacional e regional

3. Projeto **CircPro** - *Smart Circular Procurement*

- Ciente da urgência da temática, a CCDR Alentejo é um dos **11 Parceiros** de **10 regiões** (Bulgária; Espanha, Andaluzia; Estónia; Finlândia Kouvola; Grécia, Macedônia Oriental e Trácia; Hungria, Itália, Piemonte e Turim; Lituânia; Portugal, Alentejo; Suécia, Estocolmo e da Noruega, Elverum) do projeto *Smart Circular Procurement* - CircPro
- Período: **60 meses** de 01.06.2018 a 31.05.2023
 - Fase 1 (36 meses): 1.06.2018 a 31.05.2021
 - Fase 2 (24 meses): 1.06.2021 a 31.05.2023
- Equipa de projeto:
 - Coordenadora: Rosa Onofre
 - Gestão Financeira: Clara Bracons
 - Gestão de Comunicação: Benedita Peixe

Ambição:

“Promover a transição para uma economia mais circular relacionada com a tomada de decisões nacionais e regionais, aumentando a aplicação da contratação circular”

Como?

- Analise dos princípios das Compras Circulares que possam ser incluídos nos critérios das Compras Públicas dos instrumentos de política, como princípio horizontal ou como critérios de adjudicação para incentivar os promotores a implementarem sistematicamente as Compras Públicas Circulares (CPC);
- Identificar boas práticas em setores estratégicos (Alentejo – RCD), com o objetivo de promover CPC como uma prática a implementar nos processos de gestão e aquisição
- Através do envolvimento no processo de diferentes entidades, capacitar os diferentes *stakeholders* para a temática das CPC

4. Atividades do Projeto

- Identificar boas práticas (ao nível de projetos e iniciativas, principais atores, organizações e redes) que possam promover a implementação de compras públicas circulares nos procedimentos de contratação pública;
- Identificar os principais desafios jurídicos e processuais;
- Identificar e dinamizar novas soluções e modelos de negócios promovendo a CPC;
- Proporcionar um local de encontro e reforçar o diálogo entre diversos atores no âmbito da Economia Circular
- Estabelecer parcerias com projetos nacionais e internacionais que se enquadrem na temática

Projetos envolvidos:

RCD - Resíduos de Construção e Demolição
(Des)Construir para a Economia Circular

Objetivos Gerais:

- ✓ Eliminar a deposição ilegal de RCD
- ✓ Reduzir a deposição em aterro de RCD
- ✓ Reduzir o consumo de recursos naturais
- ✓ Recuperar, reutilizar e reciclar os RCD
- ✓ Inovar na valorização e reaproveitamento de RCD
- ✓ Capacitar

iBuy – Compras Públicas de Inovação (ANI)

Visa melhorar um instrumento financeiro/programa para apoio à compra pública de inovação

1º e 2º Semestres:

- Reuniões nacionais e internacionais de preparação do projeto;
- Reuniões de apresentação do projeto e seus objetivos;
- Levantamento de legislação associada a Compras Públicas Circulares;
- Identificação de projetos regionais ou nacionais relacionados com a temática;
- Preparação de questionário a enviar aos *stakeholders* sobre a temática
- Apresentação do projeto em diferentes foruns

AGENDA FOR THE SECOND INTERREGIONAL FORUM MEETING	
THURSDAY, 22 MAY 2019	
PLAZA CRUZES DEL MONTE-ALCANTARA, AVENIDA SANTIAGO, 10, 8010 - SÉLVA (ALGARVE)	
09:00-09:30	REGISTRATION
